

VSCP Course Overview and Curriculum

Veterinary Services Careers Program (VSCP)

FY 2007

Location	Veterinary Services Careers Program (VSCP) training provides in-depth orientation and training opportunities to enable new VS employees to smoothly transition to the Federal service and have productive careers in APHIS. The training program consists of a combination of instructor-led courses and distance learning courses. Instructor-led courses are held at various sites throughout the United States. Distance learning courses are self-paced instruction units that are available on the USDA’s web-based AgLearn Learning Management System (http://www.aglearn.usda.gov/) or, if necessary, on CD-ROM.

Veterinary Services Careers Program (VSCP)

Curriculum & Course Descriptions

1. Learning Tracks

With respect to the VSCP, Tracks I and II refer to the two paths of learning, or tracks, that nominees are assigned under VSCP. The learning tracks define the specific courses one must complete to receive full credit for completing VSCP, and are based on job functions within VS.

Track I - employees in administrative and support positions.

Track II - VMOs, AHTs and all other technical/scientific positions.

2. Instructor-led Courses

The following classroom-based courses are part of the VSCP core curriculum and are mandatory for a participant to receive full credit for completing the VSCP.

a. *Orientation, Part B*

Riverdale, MD

November 14-16, 2006

(Tracks I & II)

In this course participants apply the knowledge they gained through the Orientation, Part A, in a series of interactive activities surrounding the VS strategic goals. The course is designed to provide an overview of APHIS, VS through an introduction of the organizational structure of the USDA, APHIS & VS. Presentations and discussions include, but are not limited to, the mission and strategic goals of APHIS, VS, the roles of field and headquarters personnel, employee benefits, and resources available to maximize the participants' developmental opportunities. Participants also have the opportunity to meet and engage in discussions with various members of APHIS and VS management, and thereby gain further insight into the inner-workings of VS and its affiliated units.

b. *Emerging Issues*

Ft. Collins, CO

Feb. 27 – March 1, 2007

(Tracks I & II)

This course addresses new or emerging diseases; defines current activities, responsibilities, and the changing roles of VS in responding to emerging issues; wildlife disease transmission; APHIS services to new animal industries, such as aquaculture, farmed elk, or bison; dealing with the threat of deliberate disease introduction; and, future trends.

c. *Basic Epidemiology for AHTs*

Ft. Collins, CO

March 20-23, 2007

(Track II)

This course is specifically designed for AHTs and uses a problem-based approach to teach the fundamentals of epidemiology. By the conclusion of the course, AHTs have a basic understanding of the principles of epidemiology and the means by which to apply said principles in the execution of their professional roles and responsibilities. During this period, participants are also introduced to the Centers for Epidemiology and Animal Health (CEAH).

d. *Basic Epidemiology for VMOs*

Ft. Collins, CO

June 25-29, 2007

(Track II)

This course is specifically designed for VMOs and uses a problem-based approach to introduce and reinforce the fundamentals of veterinary epidemiology relevant to their professional roles and responsibilities. During this period, participants are also introduced to the Centers for Epidemiology and Animal Health (CEAH).

This course is designed to enhance interpersonal communication skills; provide critical elements needed to foster teamwork; examine conflict management styles to turn difficult situations into win-win experiences; enable participants to support APHIS leadership and advance their own careers through sound decisions leading to positive results; and, includes an overview of APHIS Records Management procedures for maintaining files, records and correspondence. Although this course is required for all persons assigned to Track I, **it is open to all interested VSCP participants.**

3. Distance Learning Courses

Distance learning (DL) allows VS employees to engage in learning opportunities from remote locations, such as taking online courses on the USDA's Learning Management System, AgLearn (<http://www.aglearn.usda.gov/>). The following online courses are part of the VSCP core curriculum and are mandatory for a participant to receive full credit for completing the VSCP.

- a. ***Orientation, Part A (Tracks I & II)*** – This CDROM/DVD-based course provides basic information about the U.S. Department of Agriculture (USDA), the Animal and Plant Health Inspection Service (APHIS) and its organizational units and programs, including Veterinary Services (VS). VSCP participants **must** complete this course before attending Orientation, Part B, which is classroom-based.
- b. ***Program Diseases (Tracks I & II)*** – This online course provides an overview of the major animal disease eradication and control programs, such tuberculosis, brucellosis, pseudorabies, scrapie, and Johne's. Equine and poultry disease initiatives are also addressed. Discussions about the various regulated industries, including their roles and perspectives, are included.
- c. ***Foreign Animal Disease Awareness (Tracks I & II)*** – This online course addresses major foreign animal disease threats to the U.S., including their history and etiology; effects on animal and human health; economical and political influences and impact; current status; preventive programs; and the critical role of APHIS, the States, Industry, and Public Health Officials.
- d. ***Introduction to Biosecurity (Tracks I & II)*** – This online course provides an introduction to biosecurity measures for various situations, including those to be followed when responding to a suspected animal health emergency. The course also reviews the responsibilities of biosecurity team personnel, biosecurity risks, and biosecurity planning.
- e. ***Cleaning and Disinfection Guideline (Tracks I & II)*** – This online course introduces the process of cleaning and disinfection, types of disinfectant agents, the roles & functions of members of a Cleaning & Disinfectant Unit in the Incident Command System, and includes the *Cleaning & Disinfectant Operational Guidelines*, a component of USDA/APHIS' National Animal Health Emergency Management System (NAHEMS). NAHEMS Guidelines, reference materials for VS personnel, are also introduced through this course.
- f. ***Disposal Guideline (Tracks I & II)*** – This online course provides an overview of procedures for disposing of contaminated animal carcasses and by products, as well as safety issues; *Disposal Operational Guidelines* published by USDA/APHIS that outline varying roles to be played on a Disposal Unit in an Incident Command System; to assist federal, state and local agencies in responding to disease outbreaks and animal emergencies; and, serves as a point of reference, a practical field resource, and not statutory requirements as part of the National Animal Health Emergency Management System (NAHEMS).

- g. ***Personal Protective Equipment (Track I & II)*** – This online course is an overview of personal protective equipment (PPE) serving to provide a basic understanding of what PPE is available; when PPE is necessary; what type is necessary; how it is to be worn; what its limitations are, as well as its proper care, maintenance, useful life and disposal.
- h. ***Export Certification of Animal Products I (Tracks I & II)*** – This online course introduces APHIS-VS policies and procedures regarding the certification of animal products for export.
